Dear Sir:

**NON-FEE PETITION UNDER 37 C.F.R. § 1.181 TO WITHDRAW  
HOLDING OF ABANDONMENT AND RE-MAIL NONFINAL OFFICE ACTION**

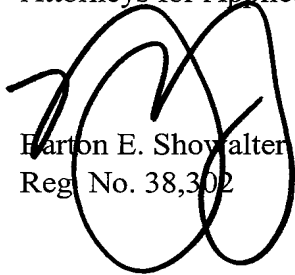

This petition is filed in response to notification by the U.S. Patent and Trademark Office that the above-referenced patent application has been abandoned for failure to file a timely and proper reply to the nonfinal Office Action mailed August 13, 2004 which set a three month period for reply. This Petition under 37 C.F.R. § 1.181 is to request that the holding of abandonment be withdrawn. As indicated in the attached statement of facts, Applicants never received the nonfinal Office Action, and therefore, did not respond by the due date of November 13, 2004. Accordingly, the holding of abandonment is improper pursuant to M.P.E.P. § 711.03(c)II. The required showing to establish nonreceipt pursuant to M.P.E.P. § 711.03(c)II is provided in the following documents:

1. Counsel's Statement of Facts in Support of Petition to Withdraw Holding of Abandonment.

2. Copy of Notice of Abandonment mailed on March 21, 2006.
3. Copy of the File History Wrapper for Serial No. 09/579,348.
4. Copy of the docket record where the nonreceived nonfinal Office Action would have been entered had it been received and docketed.

As the abandonment of this case was through no fault of Applicant, it is respectfully requested that a new nonfinal Office Action be mailed and the date for response to be three months from the mail date of the new nonfinal Office Action, pursuant to M.P.E.P. §711.03(c)II. It is not believed that any fees are due. However, if it is determined that a petition fee or any additional fees are due, please charge these fees to Baker Botts L.L.P. Deposit Account No. 02-0384.

Respectfully submitted,

Dear Sir:

**COUNSEL'S STATEMENT OF FACTS IN SUPPORT OF PETITION  
TO WITHDRAW HOLDING OF ABANDONMENT**

I am a patent attorney employed with Baker Botts L.L.P. I am listed as an attorney of record for the above-identified pending U.S. patent application entitled *System and Method for Device Registration Replication in a Communication Network* filed on May 25, 2000, Application No. 09/579,348. My residence is Dallas, Texas, and my place of employment is Dallas, Texas, and were so at all times relevant to the Statement of Facts. The following facts relate to the subject application.

1. All mail from the PTO is received in the Baker Botts mailroom and routed to the IP mail clerk. She opens and date-stamps all mail, and forwards office actions received from the PTO to the paralegal assigned to the case. She does not record a log of such received mail and therefore no such log is provided pursuant to MPEP § 711.03(c)II.

2. It is then the responsibility of the paralegal to docket office actions received from the PTO. When an office action is received, the response due date is docketed along with any other papers due.

3. According to the file history wrapper for this application maintained by Baker Botts (Tab 3), the nonfinal office action has not been docketed and there is no due date for the response to the nonfinal office action. Also attached is a copy of the docket record where the nonreceived nonfinal office action would have been entered had it been received and docketed (Tab 4). Tab 4 has been redacted to preserve client confidences. These documents indicate that the nonfinal office action was not received from the PTO.

4. As an attorney of record for the above-identified pending U.S. patent application, I attest that the nonfinal office action was not received from the PTO. Further, I attest that I have performed a search of the file jacket and all of its contents. The results of the search revealed that the nonfinal office action was not in the file jacket. This further indicates that the nonfinal office action was not received from the PTO.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application for any patent issuing thereon.
